Economic Activity in the Westerra Area:

Here are a few of the large projects that will be located just west of Westerra, either in or near the Global Transportation Hub:

- \$350M Cargill Canola Processing Facility - construction started in July 2022 with 50 permanent jobs and 1 million hours of employment during construction.
- \$100M SaskPower Logistics Warehouse - construction has begun.
- \$350M RedLeaf Wheat-Straw Facility - scheduled to in 2022 with 110 permanent jobs and 250 jobs during construction.
- Amazon recently purchased 14 acres just west of our site. We presume a distribution facility is planned.

With the recent economic activity on the west side of Regina we feel that there is a strong demand for new homes in the Westerra neighbourhood.

Position in the Regina Residential Market:

The City of Regina has reinforced its support for the Official Community Plan (OCP). Prioritizing phase 1 neighbourhoods, such as Westerra.

Competing residential developments across the city area are getting close to being fully built out.

Westerra is one of two neighbourhoods on the west side of the city that have significant growth to occur based on the residential phasing map.

Roadways:

Paving Pinkie Road from 9th Ave. North to Dewdney Ave.

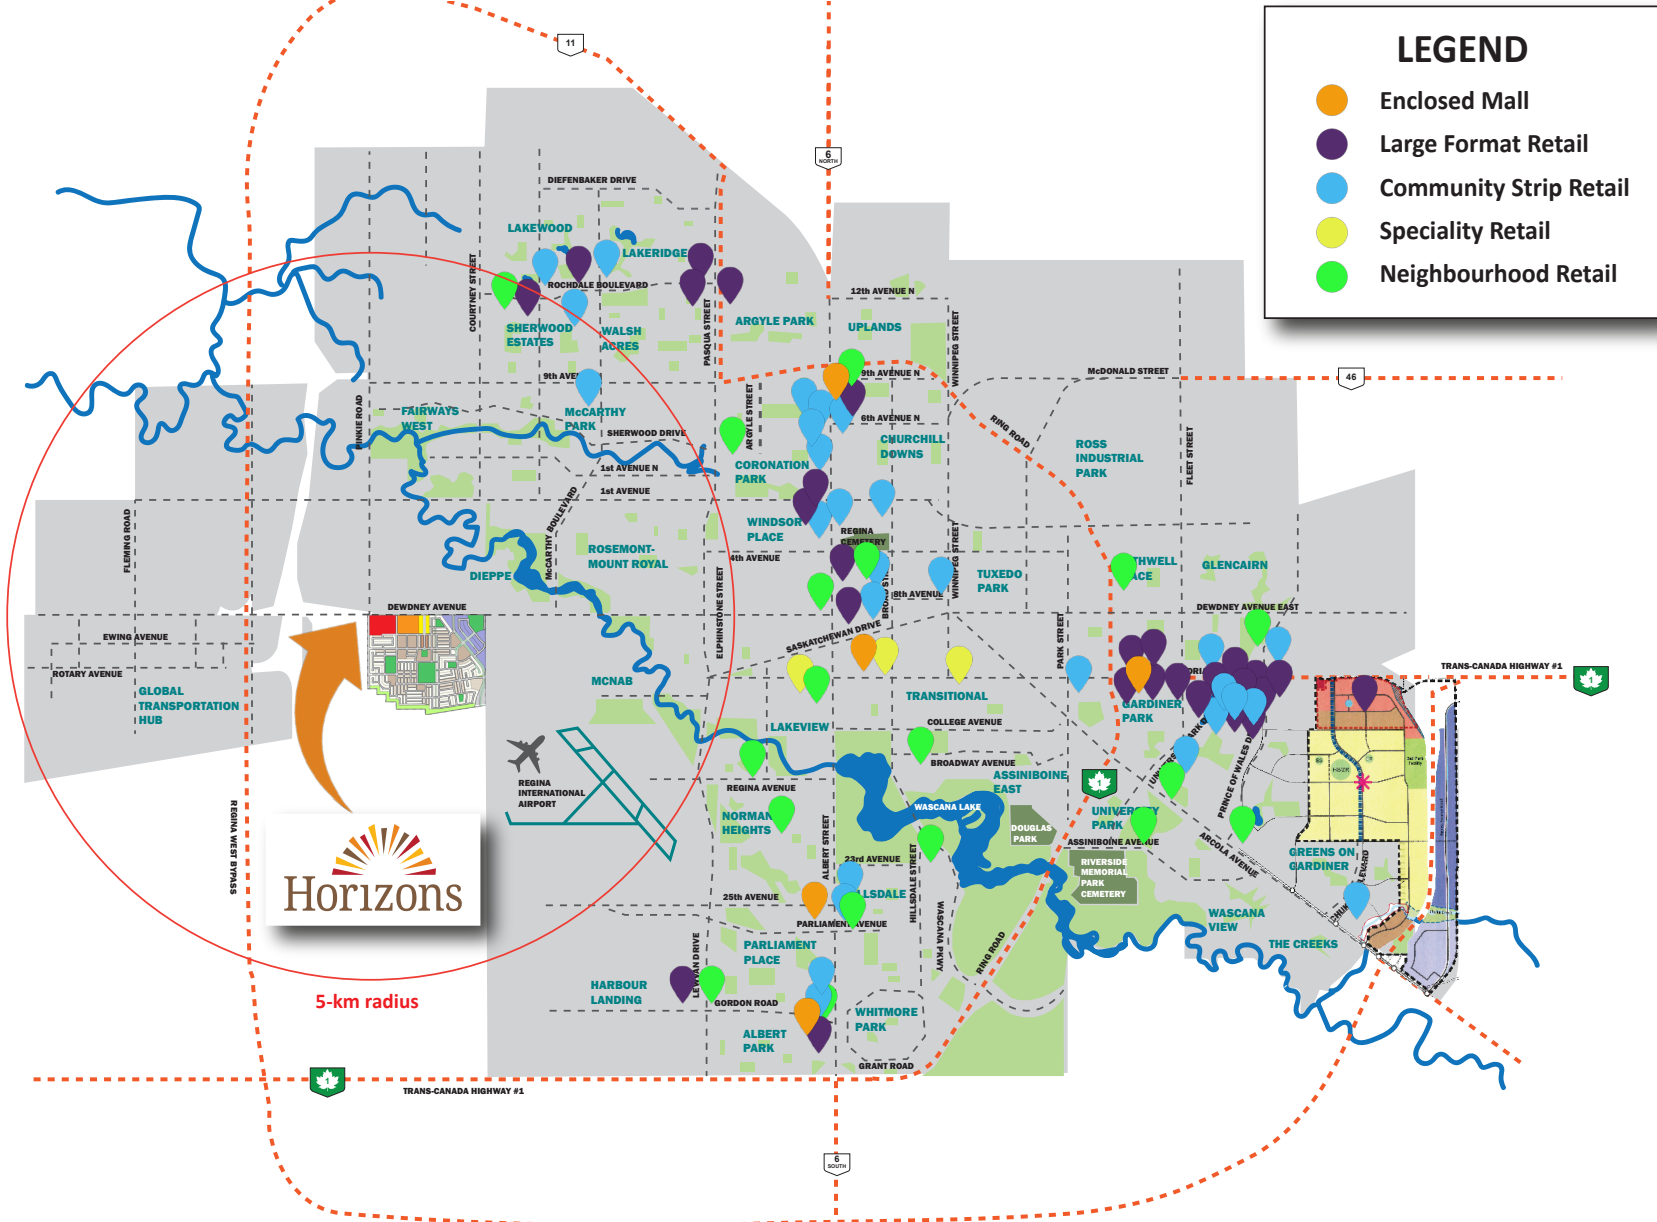

Funding is in place. Construction scheduled 2023.

This will allow easy access from the residential areas to the north.

Making Dewdney Ave the fastest and most convenient commute to downtown & easy access to community shopping amenities coming soon to Horizons.

Regina Retail Inventory
